High School Course Completion - Prior to Grade 9

By Default the student's grade and acceptance of credit(s) will appear on student's transcript

- Grades and credits must be factored into the cumulative GPA/class rank if the high school credit is awarded

If student chooses NOT to accept the grade(s) and/or credit(s) the below form must be completed, and returned to ECHS Guidance office prior to the first student day of the student's freshman year (NOTE: students who are transferring from another high school are not eligible for this form.). If a course waiver form is not completed prior to student's first day of their freshman year, the default policy will be in effect.

Considerations:

1. Any course that does not appear on a student's high school transcript (through the acceptance of grade(s) and credit(s), can not be counted for student graduation requirements.

S-DMS/ECHS Course Waiver

* Due prior to first student day of student's freshman year

Student Name: _____ Middle School: _____

Course(s): _____

Parent/Guardian Name: _____

I understand the above policy and choose NOT to include my son/daughter's grade(s) on the high school transcript or factored into the student's cumulative GPA. I understand this grade is NOT permitted to be added back onto the transcript at any point.

Parent/Guardian Signature: _____ Date: _____

Principal Signature: _____ Date: _____
