# A Message From Coach Moore

We welcome all levels of ability and experience to the summer camp. Whether it's a player with a lot of experience in our Program or first timers! Please keep in mind, attending a week-long camp will not drastically change a player's current skill level. However, what it will provide is a foundation for young players by teaching them and showing them specific teaching points and drills/skills that can be done over the course of time to improve (i.e. at home, at the gym, etc.).

Additionally, basketball should be fun and the camp is intended to teach the players to enjoy the game of basketball and the improvement process! In our basketball Program, we pride ourselves on having fun, working hard, & winning.

We have created a winning culture in the past 14 seasons and much of that sustained success is due to the commitment to our youth basketball opportunities. In order to continue being one of the most successful Indiana HS basketball Programs in the state, it's vital that players/families stay committed to the improvement process and get better with hard work, determination, and competitiveness!
